

GRGiveCamp 2013

November 8-10

The Factory, 38 W. Fulton St.

Grand Rapids, MI 49503

GRGiveCamp

GRGiveCamp is a weekend-long event where technology professionals from designers, developers and database administrators to marketers and web strategists donate their time to provide software solutions for non-profit organizations. Since its inception in 2007, the GRGiveCamp program has provided benefits to over 40 area charities, annually worth over \$750,000 of developer and designer time in services.

The goal of GRGiveCamp is to help local non-profits fulfill their missions through technology with the help of volunteers who give their time and talent. GRGiveCamp is organized by a committee composed of local leaders in the non-profit and technology industries.

The event is free for volunteers and non-profits. In order to keep the attendance free and allow the greatest impact through our volunteers, we offer sponsorship opportunities to help cover the costs of the event, specifically the costs of food and beverage for all of the volunteers.

What You Get

As a sponsor of the event, your company will receive recognition and visibility with the state's premier technology industry leaders and non-profit administrators. Last year, our attendance was over 110 volunteers and staff, and this year we expect 150 or more. Sponsoring this event is a great way to participate in one of the state's fastest growing volunteer events in one of the fastest growing industries.

Unlike other volunteer events, GRGiveCamp is not just a couple of hours or one day, but an entire weekend. This benefit will allow your organization to become much more involved in the event and give your brand more recognition.

The available sponsorships on the next page. If you would like to offer something different than what is available below, contact us anytime. We are flexible and willing to work with you to design the sponsorship package that will fulfill your business and organization's needs.
